Here's a Tangle.

How easy it is to mix up the average business man was demonstrated the other day when the son of a local merchant leaned against his father's knee and innocently asked:

"Daddy, is today tomorrow?"

"No, my son, of course today isn't tomorrow," answered the father.

"But you said it was," continued the son.

"When did I ever say today was tomorrow?"

"Yesterday," answered the son.

"Well, it was; today was tomorrow yesterday, but today is today, just as yesterday was today yesterday but is yesterday today, and tomorrow will be today tomorrow, which makes today yesterday and tomorrow all at once. Now run along and play," and the father collapsed into his chair with a sigh of relief.—Louisville Times.

OUR NATIONAL DISEASE Caused by Coffee.

Physicians know that drugs will not correct the evils caused by coffee and that the only remedy is to stop drinking it.

An Arkansas doctor says:

"I was a coffee drinker for many years and often thought that I could not do without it, but after years of suffering with our national malady, dyspepsia, I attributed it to the drinking of coffee, and after some thought, determined to use Postum for my morning drink."

"I had the Postum made carefully according to directions on the pkg. and found it just suited my taste."

"At first I used it only for breakfast, but I found myself getting so much better, that I had it at all meals, and I am pleased to say that I have been relieved of indigestion. I gained 19 pounds in 4 months and my general health is greatly improved."

"I must tell you of a young lady in Illinois. She had been in ill health for many years, the vital forces low, with but little pain. I wrote her of the good that Postum did me and advised her to try it."

"At the end of the year, she wrote me that she had gained 40 pounds in weight and felt like herself again."

Name given by Postum Co., Battle Creek, Mich. Read "The Road to Wellville" in pkgs.

Postum comes in two forms: Regular Postum—must be well boiled. 25c and 50c packages.

Instant Postum—is a soluble powder. A teaspoonful dissolves quickly in a cup of hot water and, with cream and sugar, makes a delicious beverage instantly. 30c and 60c tins.

The cost per cup of both kinds is about the same.

"There's a Reason" No Postum.

SLAVS CROSS RIVER AZURA

VIOLENT STRUGGLE BEGUN WHEN RUSSIANS SEIZE STRONG POINTS ON VISTULA.

GERMANS CLAIM GAINS

ARTILLERY DUELS IN WEST ARE STUBBORN, BUT NO CLASH IS DECISIVE.

Western Newspaper Union News Service.

London, Feb. 6.—Coinciding with the arrival at the front of Emperor Nicholas, the Russians have assumed the offensive directly west of Warsaw and, according to a Russian official statement, have crossed the Bzura river and taken some German positions.

This, in the opinion of military experts, will, if the Russians have sufficient forces at their disposal, break the deadlock which has existed in the battle in central Poland for so many weeks, since it threatens the flank of General von Hindenburg's army, which is engaged in the violent struggle immediately to the southwest in an effort to break down the Russian defensive in the region of Borjow.

The Russians have crossed the Bzura near its junction with the Vistula and, working southward, have taken part of the German position near Danow, south of Sochaczew, which was the point at which the Germans made their original attempt to trap the Russians and break the Warsaw line.

The Austrians admit the loss of Tar now, Galicia, an important center, possession of which by the Russians insures the main line of communication in western Galicia.

In the midst of the snows of the Carpathians the two armies still are contending for the passes which lead into Hungary. The Austro-German forces drove the Russians back from the passes which they had occupied on the extreme right, to the west of Dukla pass, but elsewhere the Russians claim to be making progress or, at any rate, to be holding their own.

Artillery engagements and a few small infantry attacks make up the sum of the operations on the western front. There are indications, however, that the allies are preparing the way for an offensive movement in the Arras region.

A message from Geneva says: "Hostilities against Serbia have been resumed by the Austrians, according to reports received here from sources which usually have been well informed."

Dispatches from Vienna state that 20,000 German troops have arrived in Hungary on the way to Korosmezo, in the Carpathians, to assist Hungarian forces said to be threatened with envelopment by the Russians.

Confirmation is given the report that 200,000 German troops are being sent from Poland to assist in attempting the relief of Przemyel.

A Cairo message says: "Reports that 12,000 Turkish troops were engaged in Thursday's fighting are confirmed in an official statement."

The French official communication says: "During the night of Feb. 4-5, some German contingents endeavored, but without success, to advance from their trenches before Notre Dame de Lorette."

After five years as treasurer of the Libby, McNeill & Libby Company, he was made president, later organizing and becoming president of the Cattle Raisers' Association.
